AMC installs 2000 KW solar system for water treatment plants; Supply to be affected during 7-13 Feb

Amdavad Municipal Corporation (AMC) has installed a 2,000 kw capacity solar system to save electricity bill to run its water treatment plants at Kotarpur, Jaspur and Raska. The installation work is over and solar system's interconnection work is going to be started. It wil create five to six hours halt in power supply. The system once functional will save around 16 lakh to 20 lakh units power.
