@IndiGo6E Today while travelling from Indore to Ahmedabad flight no. 7726 spotted cockroach near seat number 19C. Last week also a similar incident was observed in Indigo. Please make the plane more hygienic and safe. It's not a good feeling to travel with such an incident.

## Cockroach in Indore - Ahmedabad flight; Passenger tweets video

A passenger traveling on an IndiGo airline flight on Sunday posted a video on social media showcasing the presence of a cockroach on board the flight. The passenger also alleged that a similar incident occurred last week and requested the airline to keep the planes hygienic and clean.
