AMC initiates new tender for fully dismantling, rebuilding Hatkeshwar flyover

The controversial Hatkeshwar Bridge in the city is now set to be fully dismantled and rebuilt from scratch. The civic body has issued a tender inviting contractors for the design and construction of the bridge.

Earlier, the Amdavad Municipal Corporation (AMC) had issued a tender of Rs. 24.87 crore for dismantling and retrofitting the 8 span-slabs of the flyover. However, after no companies applied for the tender, the AMC has now issued a new tender for the complete dismantling and rebuilding of the bridge.
