

Ahmedabad - Mumbai 1st and 2nd Vande Bharat Superfast Express trains; What's different, what's same in them ?

So the city of Ahmedabad, as well as the cities of Vadodara, Surat, and Vapi in Gujarat have now got two Vande Bharat Express trains to reach Mumbai. Both trains take the same duration for the journey. For example, both Vande Bharat Express trains take 5.25 hours to reach Mumbai Central from Ahmedabad. However, the morning train runs every day barring Sundays. While the afternoon train runs every day barring Wednesdays.

It is also interesting to note that the morning train's ticket price as per the IRCTC website is cheaper than the afternoon train.
