

Sabarmati Riverfront to have 7-acre Riverside Savouries with Underground Tunnel

If all go as per the plans, Sabarmati Riverfront will see development of Riverside Savouries between Vivekanand bridge and Nehru bridge in near future. Sabarmati Riverfront Development Corporation Ltd (SRFDCL) has identified a land parcel of area about 27000 (Twenty-Seven Thousand) square meter with proposed Footprint admeasuring about 6300 (Six Thousand Three Hundred) square metres opposite to B J Park, along the West bank of riverfront to develop Riverside Savouries.

Spanning approximately 7 acres, the district will feature high-end food arcades showcasing Indian and global cuisines at signature restaurants with luxury indoor seating and expansive outdoor dining areas as shaded terraces overlooking Sabarmati river that offer views of the river.
