

Three 6-Lane Underpasses to Come Up on Ahmedabad-Mehsana-Palanpur Road

To ease traffic congestion on the highway connecting the city with Palanpur and Mehsana in North Gujarat, the state government has initiated work on developing a Regional Transportation Infrastructure. In this direction, three six-lane vehicle underpasses will be constructed on the Ahmedabad-Mehsana-Palanpur highway. These will include one underpass near Nagalpur (Mehsana) and two near Unava village in Unjha. The foundation stone for these projects will be laid on Monday by Prime Minister Narendra Modi from Nikol in Ahmedabad.
