

Mumbai-Ahmedabad bullet train project: NHRCL shares progress update

The Mumbai-Ahmedabad Bullet Train project continues to make steady progress with major milestones achieved across viaduct, bridges, tunnels, and station works. The 508-km high-speed rail corridor, spanning 352 km in Gujarat and Dadra & Nagar Haveli and 156 km in Maharashtra, will feature 12 thematically designed stations including Sabarmati, Ahmedabad, Vadodara, Surat, Vapi, Thane, and Mumbai.
