

## Ahmedabad Airport opens Integrated Cargo Terminal

Sardar Vallabhbhai Patel International (SVPI) Airport in the city has unveiled new cargo handling facilities to strengthen Gujarat's export logistics. The newly inaugurated state-of-the-art Integrated Cargo Terminal (ICT), spread over 20,000 square meters and capable of handling up to 200,000 metric tonnes annually, significantly scales up capacity and efficiency. With this, the existing cargo handling capacity has increased by 50,000 metric tonnes per year.
