

Pramukh Varni Amrut Mahotsav: Sabarmati River to have Spectacular Visual Treat of 75 Glowing Floats during December 7 - 9

The Sabarmati Riverfront is set to host a spectacular visual treat from December 7 to 9, when around 80 artistically crafted boats showcasing the virtues and life of Pramukh Swami Maharaj will float steadily between Sardar Bridge and Vivekanand Bridge. The themed flotilla will be visible throughout the day from both the Riverfront promenades and the Atal Bridge, and will illuminate the river with a glowing display after sunset. Lakhs of visitors are expected to witness the attraction and draw inspiration from Pramukh Swami Maharaj's life of service and spirituality. To ensure smooth operations, a trained team of divers and swimmers will be deployed for managing power supply to the boats through generators.
