

## **5 lakh patients treated at Ahmedabad's Nagri Eye Hospital in 3 years; Vision Therapy Centre to come up soon**

C.H. Nagri Municipal Eye Hospital in the city has emerged as a major centre of healthcare, bringing vision and hope to more than five lakh patients over the past three years. Strengthening its commitment to advanced treatment, the hospital is set to take another step towards modern eye care with the launch of a Vision Therapy Centre in the near future, an official statement said.
