Ahmedabad to Add 1,960 AC Electric Buses by 2027

The Ahmedabad Municipal Corporation (AMC) is expanding the use of AC electric buses in the city to promote environmental protection, save fuel, and provide more convenient public transport services to citizens. To strengthen green transport, AMC has placed large-scale orders for new electric buses. Over the past year, a total of 561 electric buses have been ordered, including 311 for AMTS and 250 for BRTS. The supply of these buses and their phased operation will begin in 2026, the civic body said.
