

Bullet Train Project: NHRCL Launches 1360 MT Portal Beam in Ahmedabad in just 3.5 Hours

In a one-of-its-kind operation, one of the heaviest precast prestressed portal beams (girders), weighing approximately 1,360 metric tonnes, has been launched over the Ahmedabad-Vadodara railway line in Maninagar for the Mumbai-Ahmedabad Bullet Train project, the National High Speed Rail Corporation Limited (NHRCL) said on Wednesday.
