One Booked in Ahmedabad for Blocking Road to Shoot Social Media Reel

A social media promotional video shot in the middle of a busy Ahmedabad intersection has landed a 19-year-old youth in trouble after the reel went viral, prompting traffic police to file a case for endangering public safety.

The video showed the youth sitting on a chair in front of vehicles waiting at the traffic signal at Shyamal Crossroads while promoting passes for a Navratri event. Though no mishap occurred, police said the act was dangerous and posed a risk to both the individual and other road users.
