Gujarat Forest Department Introduces Missed Call Service for Saplings and Forest Services

Want to plant a sapling but finding it difficult to locate a nearby Gujarat Forest Department nursery? There's now an easy solution. Simply dial 8320002000. The call will disconnect automatically, and you will receive an SMS containing a link on your mobile phone. Open the link to access the contact details of the nearest forest nursery and its location on Google Maps, along with those of the concerned forest officials, making it easier to obtain saplings and other assistance.

Also, if you send an SMS or WhatsApp message saying "Hi" to 8320002000, you will receive an SMS containing a web link. Clicking on the link opens a menu with multiple options, including the contact details of all Gujarat Forest Department nurseries, Range Forest Officers (RFOs), eco-tourism sites, and other forest-related services.

"The Gujarat Forest Department is committed to ensuring that citizens can easily obtain saplings from forest nurseries in their vicinity. The Social Forestry wing has made extensive arrangements for sapling distribution. The Forest Department has raised 11.80 crore seedlings for distribution to the public," said Arjun Modhwadia, Forests and Environment Minister, Gujarat.
