

Ahmedabad Metro Sees 1.75 Lakh Commuters as Heavy Rains Snarl Road Traffic

Heavy rains lashed the city on Thursday, and waterlogging in several areas severely disrupted road traffic. Amid traffic jams and slow-moving vehicles, a large number of commuters opted for the Ahmedabad Metro Rail service. Passenger footfall witnessed a significant increase compared to a normal day.

Maps

Ahmedabad Metro Rail operates 397 up and down trips daily. Around 1.75 lakh passengers are learnt to have availed of the Metro Rail service on Thursday as heavy rains affected road transport across the city. The Metro emerged as a fast and reliable mode of transport for thousands of commuters amid the traffic disruptions.
