

Ahmedabad civic body to launch Online Marriage Registration Portal from August 1

The Ahmedabad Municipal Corporation (AMC) will implement a new online marriage registration system from August 1, 2026, making the process easier, more transparent and paperless. To facilitate the transition, marriage registration services will remain suspended throughout the day on July 31, 2026.

At present, marriage registration under the Gujarat Marriage Act, 2006 is carried out through AMC's 48 electoral ward offices. Applicants are required to collect the application form from the ward office under whose jurisdiction the marriage venue falls, fill it out manually, and submit it in person along with the necessary documents. After verification, the marriage details are uploaded to AMC's Microtech software, and a copy of the marriage registration certificate is issued. Additional copies can be obtained from City Civic Centres by paying the prescribed fee.
