AMC Water Supply to Be Disrupted in Parts of Ahmedabad on Aug 11

Water supply in parts of western Ahmedabad is expected to be affected on Tuesday, August 11, due to a scheduled power shutdown at a major water treatment plant.

The Amdavad Municipal Corporation (AMC) said the 400 MLD Jaspur Water Treatment Plant will remain non-operational for eight hours on Monday, from 8 am to 4 pm, as the power utility carries out pre-monsoon maintenance work at the Jaspur 66 kV substation.
