Riverfront Road from Subhash Bridge Garden to Shilalekh Reopened for Traffic in Ahmedabad

The Sabarmati Riverfront Development Corporation Limited (SRFDCL) on Friday announced the temporary reopening of the Riverfront Road on the east bank of the Sabarmati River, from Subhash Bridge Garden to Shilalekh, for vehicular traffic to ease congestion and facilitate smoother movement of commuters in the city.

The stretch had earlier been closed to the public due to safety concerns arising from the detailed inspection of Subhash Bridge. Considering the current traffic situation and the need to improve connectivity, the road has now been reopened on a temporary basis.
