

Anand Niketan School Fined ₹10,000; 2 Supervisors Suspended Over Food Incident

Anand Niketan Shilaj has relieved education consultant Munazza Shums and suspended two supervisors who were on duty when a piece of glass was allegedly found in a student's meal. The District Education Office (DEO) has also imposed a ₹10,000 fine on the school for negligence under the RTE Rules, 2012.

The action follows two incidents at the school's Shilaj campus that triggered concern among parents and local groups. Besides the food-related incident, the school faced objections over a book on Malala Yousafzai and complaints that daily morning prayers had been discontinued for more than a month.

Following show-cause notices, the DEO officials conducted an inspection and sought corrective measures. In its Action Taken Report submitted to District Education Officer Rohit M. Chaudhari on Thursday, the school said Shums, who worked as a curriculum designer and education consultant, had been relieved, while the two supervisors on duty during the meal incident had been removed.
