

GSRTC Revises Daily Passenger Pass Scheme, Offers Up to 50% Fare Relief

The Gujarat State Road Transport Corporation (GSRTC) has revised its Daily Passenger Pass Scheme, reducing the effective fare for regular commuters by up to 50%.

The decision is aimed at providing financial relief to lakhs of employees, traders and other daily passengers travelling by ST buses across the state.

Under the revised scheme, the monthly pass will now cost the equivalent of 15 days' fare, down from the earlier 18 days' fare, while allowing travel for 30 days.
