

Gujarat Vehicle Sales Rise 25.8% in Jan-Aug as Demand for CNG, Hybrids Grows

Vehicle sales in Gujarat maintained strong momentum from January to August, with passenger vehicle and two-wheeler registrations recording healthy year-on-year growth, according to data from the Federation of Automobile Dealers Associations (FADA).

Passenger vehicle retail sales rose to 2.7 lakh units, from 2.2 lakh units during the same period in 2025. Two-wheeler sales increased from 7.8 lakh to 9.9 lakh units, registering 25.8% growth.

In August alone, Gujarat recorded 32,626 passenger vehicle and 1.3 lakh two-wheeler registrations, highlighting strong demand ahead of the festive season.

The January-August period also saw a marked shift towards alternative-fuel vehicles. Nearly half of passenger vehicle registrations were from non-conventional powertrains, with rising fuel costs and crude oil price uncertainty encouraging buyers to consider CNG, hybrid and electric vehicles.
