AMC Seals Oil Repacking Unit, Seizes 175 Tins Worth Rs 3.93 Lakh

The Amdavad Municipal Corporation (AMC) Food Safety Department has sealed an edible oil repacking unit in Lambha after finding serious food safety and traceability violations during an inspection on September 11.

The department seized 175 filled oil tins worth around Rs 3.93 lakh, suspended the sale of the existing stock and sealed the premises of M/s Mamta Agro Proteins at Adarsh Estate, Piplaj Road.

The unit, which holds a Central FSSAI licence, was found repacking soybean, cottonseed and palm oil. Officials also found around 300 used or old empty oil tins at the premises, raising concerns over their possible reuse for filling edible oil.
